Alfredo Buds®-All The Flavor Without All The Fat

Alfredo Buds® instant sauce mix delivers real dairy taste because it always starts with real dairy. Most of the fat and cholesterol are removed from the dairy ingredients and spray-dried into a powdered form through a patented process. This yields rich Alfredo flavor without the heavy nutritional profile of a full-fat dairy alfredo sauce. Alfredo Buds meets today's high standards for more healthful options. In addition to being very low in fat and cholesterol, it contains no artificial ingredients and is gluten-free and certified Kosher and Halal.

Because it's shelf-stable, Alfredo Buds offers the ultimate in convenience. Simply mix Alfredo Buds with hot tap water and stir until smooth, for a quick and easy sauce with authentic Alfredo flavor. Mix only what you need, as you need it! One package yields more than one-half gallon of sauce.

Use prepared Alfredo Buds as a topper for all types of pasta or use it as a dipping sauce for pizza or breadsticks. Alfredo Buds stands up well in prolonged warming situations and can be reheated without compromising quality. The powder can also be used directly in recipes as a flavoring agent straight from the package.

Save on labor, storage, and refrigeration costs versus canned, frozen and scratch sauces, with Alfredo Buds—your new best buds!
