Butter Buds®

Rich Butter Flavor, Zero Fat

One packet makes the equivalent of one pound of Butter Sauce

Butter Buds® natural flavored butter sauce mix is a healthy and delicious alternative to refrigerated dairy. And Butter Buds tastes just like real butter because it always starts with real butter. Fat and cholesterol are reduced from the butter per serving, which is spray-dried into a powdered form through a patented process. This yields a rich, buttery product without the heavy nutritional profile of full-fat dairy. Butter Buds meets today's high standards for more healthful products. In addition to containing no fat or cholesterol, it contains no artificial ingredients and is gluten-free and certified Kosher and Halal.

Because it's shelf-stable, Butter Buds is also very convenient. Simply mix Butter Buds with hot tap water for a quick and easy butter sauce. Mix only what you need, as you need it! One pound of Butter Buds mix equals approximately eight pounds of butter.

Use prepared Butter Buds as an ingredient in cooking and baking recipes or pour the butter sauce directly over hot vegetables, baked potatoes, rice, noodles, or seafood. For seasoning, Butter Buds also imparts richness and flavor in powdered form sprinkled over hot, moist foods – from potatoes to popcorn – straight from the packet.
