Butter Buds® is 100% natural – made with real butter from Wisconsin. All the flavor components of butter have been captured producing or resulting in unequaled flavor and performance.

Through a concentrated process, the flavor of butter is released and spray dried into powdered form. One pound of Butter Buds equals the flavor of eight pounds of butter. One case equals the flavor of 48 pounds of butter. Butter Buds granules require no refrigeration, are easy to store and use, and deliver great natural butter flavor.

Use Butter Buds in cooking, baking and as an ingredient in your recipes. Mixed with water, Butter Buds makes a rich, natural butter flavored sauce that you can pour over vegetables, baked potatoes, rice, noodles, fish, and more! Used in dry or liquid form, it imparts richness and flavor to mashed potatoes, casseroles, sauces, desserts, soups and many other dishes.

### Mixing Instructions

To make a rich, natural butter flavored sauce:

- 1 lb of sauce – add pouch contents to 1 pint of warm tap water and stir
- ½ cup of sauce – add ½ ounce of Butter Buds to 4 ounces of warm tap water and stir

For seasoning: Butter Buds can be sprinkled directly on hot moist foods.
