Butter Buds® is 100% natural – made with real butter from Wisconsin. All the flavor components of butter have been captured to give unequaled flavor and performance.

Through a patented process, the flavor of butter is released and spray dried into powdered form. Butter Buds is concentrated, too. One pound of Butter Buds equals the flavor of eight pounds of butter. One case equals the flavor of 48 pounds of butter. Yet, Butter Buds requires no refrigeration, is easy to store and use, and delivers great natural butter flavor.

Use Butter Buds in cooking and baking, and as an ingredient in your recipes. Mixed with water, Butter Buds makes a rich, natural butter flavored sauce that you can pour over vegetables, baked potatoes, rice, noodles, fish, etc. Used in a dry or liquid form, it imparts richness and flavor to mashed potatoes, casseroles, sauces, desserts, soups and many other dishes.

### Mixing Instructions

To make a rich, natural butter flavored sauce:

- 2 lbs of sauce – add pouch contents to 1 quart of warm tap water and stir
- ½ cup of sauce – add ½ ounce of Butter Buds to 4 ounces of warm tap water and stir

For seasoning, Butter Buds can be sprinkled directly on hot moist foods.
